Pediatric Pharmacy Residency

Pediatric Pharmacy Residency Program is a postgraduate training program that focuses on the development of clinical skills needed to provide safe and effective patient-centered medication management for pediatric patients. In addition, residents are involved in both clerkship, preceptorship and didactic lectures.

Goals of the program include optimization of the resident's knowledge, skills, attitudes, and abilities in pediatric pharmacotherapy practice, clinical research, and teaching.

Applications Requirements & Deadline:

[Trainee | Saudi Commission for Health Specialties \(scfhs.org.sa\)](https://scfhs.org.sa)
